

Lake Macquarie Landcare Network

SATURDAY SESSIONS AT THE LRC

(For all Landcarers)

Landcare Resource Centre, Teralba

Saturday February 11th

9.30am to 2.30pm

This month's theme:-

- Learn how to set up a weather station and record the data.
- Recognise various cloud forms and what they tell us as landcarers - should we abandon our landcaring, get a hard hat or carry on weeding?
- Weather conditions for planting – can we be more efficient when we plant?

Please contact the LRC to book a place, as there is limited accommodation. Bookings close Thursday February 9th.
